

Course Title: IT Carlow - Certificate in Environmental and Planning Legislation (7281)	
Duration: 7 Days	Certification: IT Carlow
Expiry Period: N/A	Award: Level 7, 10 credit, Special Purpose Award Certificate in Environmental and Planning Legislation

Introduction:

LASNTG are delighted to offer Local Authority personnel including personnel who work in the following positions Planners, Scientists (various), Engineers, Administrators and Community and Economic Development staff.

Aim of Programme:

The aim of this programme is to provide a minimum competency for personnel who are responsible for compliance with, and regulation of the following EU Environmental Directives in their area of work:

- Strategic Environmental Assessment Directive
- Environmental Impact Assessment Directive
- Habitats Directive
- Water Framework Directive

Target Learner:

The primary target learner are Planners, Scientists (various), Engineers, Administrators and Community and Economic Development staff.

Learning Outcomes:

Enhancing the skills-set as set out above under the Aim of Programme, will ensure the proper monitoring, inspections and protection of the environment, as well as the better integration of environmental issues in the planning, design and delivery of public projects within the sector.

The Programme will expand the knowledge of learners in order to equip them with the requisite knowledge and competencies to effectively operate within a planning, housing, roads, community and environment function.

This programme will be delivered using a hybrid approach which is a learner-centred process involving digital, printed, live and recorded class activities and facilitated by IT Carlow's virtual learning environment Blackboard collaborate. The structured manner will facilitate students in their learning process to reach programme and module learning objectives. Learners will also be required to complete project work in order to achieve certification.

Attendance at each of the topic days and completion of all assessments is mandatory to achieve certification.

For more information please contact the Local Authority Services National Training Group.
